Antigenic spectrum of foot-and-mouth disease type 'A' vaccine virus in India	J Mohanty, D V Rai, R Venkataramanan, B Pattnaik and A K Mukhopadhyay	1
Protective and antibody response to a synthetic peptide foot-and-mouth-disease vaccine in cattle	R Venkataramanan, D V Rai, B Pattnaik and A K Mukhopadhyay	9
Polypeptide profiles of whole cell lysate of *Trypanosoma evansi* stocks from northern India	Veer Singh, Ajit Singh and M B Chhabra	14
Synovial fluid transfusion with and without corticosteroid in induced arthritic buffalo calves : Changes in synovial fluid	B M Jani, J M Nigam and A K Nishal	18
Clinical, haematological and radiological observations on therapeutic ultrasound in humerus fracture healing in dogs	M Singh, V K Sobti and K I Singh	22
Osteomedullographic and arteriographic study following segmental grafting in tibial defects in goats	J P Singh, S K Chawla, Jit Singh and A P Singh	25
Effect of premedication and hepatic insufficiency on plasma thiopental clearance in bovine	Amarpal and Amresh Kumar	28
Blood profiles in preparturient and postparturient cows and in milk-fever cases	V S Rajora and S P Pachauri	31
Zinc deficiency in cattle	A P Singh, P R Netra, M S Vashishta and S N Sharma	35
An improved method of indirect fluorescent antibody test for the screening of bovine herpes virus-1 antibodies in buffaloes	S Suresh, Manorama Dhinakaran, K Kumanan and N Raghavan	41
Indirect ELISA for detecting *Salmonella* antibodies	D K Sarma, V F Rutsa and B R Boro	44
Fertility rate of hydatidosis in cattle, buffaloes, sheep and pigs	Md Hafeez, P R Reddy, S Hasina, K L G Prasad, K Nirmala Devi and Md Thayeeb	46
Effect of diazepam-ketamine anaesthesia on liver and kidney functions in canine surgical patients	S K Pandey and I J Sharma	48
Microbiological studies of reproductive disorders in equines	P S Narwal, D P Monga and D N Bhargava	51
Oestrone sulphate determination in milk for detection of foetal death in bovines	B S Prakash and M L Madan	56

Microbiological studies of reproductive disorders in equines	P S Narwal, D P Monga and D N Bhargava	51
Oestrone sulphate determination in milk for detection of foetal death in bovines	B S Prakash and M L Madan	56

Restriction enzyme digestion of plasmid pPSA 1 from *Clostridium perfringens* type D	Purnima, Akhtar Hussain and V P Singh	59
Economic losses due to diseases and constraints for dairy development in Kangra district of Himachal Pradesh	S K Chauhan, R K Sharma and Monika Gupta	61
Biochemical profiles of ensiled wheat straw with rumen liquor and molasses	Kishan Singh, A K Puniya and S Neelkanthan	66
Quality of refrigerated cockerel meat as influenced by chemical treatments	K Prabhakar Reddy and V Ravindra Reddy	71
Effect of season and sex on birth weight and mortality in UAS sheep	P Basavaiah, S Mallikarjunappa, P V Sreenivasaiah and N A Patil	75
Genetic parameters of egg quality traits in random-bred White Leghorn	S K Tiwari and S K Verma	77
Genetic and nongenetic factors affecting postweaning growth performance in broiler rabbits	Y S Rathore, Y P Thakur, N K Manuja, S Katoch and K Gupta	79
Use of Duroc breed in the production of hybrid pigs for better meat quality	F Nunez, C Lopez-Bote and J Ventanas	82
Evaluation of fermented and uromol-impregnated wheat straw in buffaloes	M P S Bakshi and P N Langar	85
Effect of feeding monensin on some rumen metabolites and blood glucose in buffaloes	J P Puri, P D Kapoor, M Gupta and A R Rao	88
Development and *in vitro* evaluation of 'Uromalt-40'	R S Berwal, C S Rathee and O P Lohan	91
Effect of type of feeding on rumen and blood metabolites in Deccani and crosssbred lambs	S B Shinde, I G Chavan and N D Belhe	94
Rumen and blood metabolite profile of Deccani and crossbred (Dorset × Deccani) lambs	S B Shinde, I G Chavan and N D Belhe	97
Consistency in cutaneous moisture loss in goats of hot semi-arid region	Puneet Kumar and Khub Singh	100
Light and electron microscope studies on the toxic effect of *Salmonella* 3, 10:r cell-free extract on rabbit ileum	Rakesh C Yashroy	103
Pathology of intratracheal *Mycoplasma mycoides* subsp. *capri* infection in goats	Harendra Kumar, N S Parihar and K P Singh	108
Seasonal endocrine changes in steroid hormones of developing ovarian follicles in Surti buffaloes	A P Parmar and V M Mehta	111
Pathology of experimental molybdenosis in the goat	A K Sharma and N S Parihar	114
Clinicopathology of induced molybdenum toxicity in young goats	A K Sharma and N S Parihar	120
Application of latex agglutination test for the detection of rinderpest antigen	V Mohan, N D J Chandran, K Saravanabava, A Albert and R A Venkatesan	126
Screening of enteritis causing microbes in calves by electron microscopy	Andrew Chandramohan, T G Prabhakar, B Premkumar, David A Albert, V D Padmanaban and R A Venkatesan	128

An outbreak of pasteurellosis in swine	P K Sriraman, K Krishna Reddy, P C Choudhury and D Sreenivasul	130
Brucella melitensis abortions in a dairy herd	K B Nangal, R C Katoch, Mandeep Sharma, D S Sambyal and Navneet Kumar	132
Histoenzymic localization of hydrolases in goat kidney	R P Saigal, S K Nagpal and B S Nanda	135
Therapeutic efficacy of paravertebral anaesthesia blockade in bovine mastitis	N S Jadon and Amresh Kumar	138
Normal osteomedullography and arteriography of tibia in goat	R S Bisla, J P Singh, K Singh, S K Chawla, Davood Sharifi and Sukhbir Singh	142
Relationship of red-cell-reduced glutathione and plasma inorganic phosphorus in post-parturient haemoglobinuria of buffaloes and effect of ascorbic acid therapy	M M Mata, R M Bhardwaj and S K Chugh	144
Lysozyme levels in the lacrimal secretions of cattle and sheep	P Suresh	146
Fowl plasma : Does it contain growth factors?	B V Shenoi	148
Pathology of Uvea in cattle and buffaloes	A K Sravanthi and N S Parihar	149
Pre-and post-embryonic haemoglobin variations in guineafowl	S K Pal and Harpreet Singh	153
Genetic studies on carcass characteristics of Black Bengal goats	L B Singh, D K Singh and C S P Singh	157
Effect of mode of urea supplementation on nutrient utilization from straw-based diet by buffalo calves	P Singh and Jai Kishan	163
Bioavailability of phosphorus from ammonium polyphosphate and single superphosphate in chicken	Devinder Singh and S S Nagra	167
Dietary protein and energy requirements of laying quails reared under different nutrient schedule during staring and growing periods	A K Shrivastav, T S Johari and M V L N Raju	173
Production and reproduction performance of bovines in Bulandshahr district of Uttar Pradesh	Deepak Shah and K N S Sharma	178
Effect of some situational variables on attitude of livestock owners towards artificial insemination in cattle	S S Dana	186
Light and electron microscopic study of Indian pashmina (cashmere) fibre	R Somwanshi, G L Koul and J C Biswas	189
Estimation of genetic parameters for growth traits in Arabi sheep	Mudhaffar N R Al Saigh, Daib A Aziz and Walid J Hanna	194
Effect of different additives on hardness of urea-molasses-mineral lick blocks	Z S Sihag, Nand Kishore, S M Chahal and C S Rathee	198
Effect of long-term feeding of fresh subabul (*Leucaena leucocephala*) leaves in crossbred heifers	M V Kolte R D Sadekar, A B Deshmukh and A M Deshmukh	202

Evaluation of urea-treated cattle waste-wheat straw bedding on growth performance of buffalo calves	Sajjan Sihag and K R Yadav	203
Comparative thermoadaptability Black Bengel goat and Sahabadi sheep	N Ghosh and S Pan	207
Precipitating antibody response of ducks to duck plague virus	S Umamaheswarrao and B V Rao	211
Observations on natural association of mites with *Boophilus microplus* tick and from soil in its vicinity	Rajinder Kumar, D P Banerjee and B N Putatunda	214
Individual bovine-specific and species-specific autogenous vaccine in treatment of bovine cutaneous papillomatosis	C M Nadathi and P G Mbuthia	218
Body length and girth as an index to appendicular length in goat foetuses	M R Malik, K C Rao, M L Parmar and J S Taluja	222
Histology of the mucosa of nasal turbinates in buffalo	A N Gupta, Suraj Kumar and Yashwant Singh	226
Histology of the ductus epididymidis in camel	S K Goswami, Yashwant Singh and S K Nagpal	230
Plain radiographic evaluation of autoclaved and decalcified segmental cortical bone allografts in goats	J P Singh, S K Chawla, Jit Singh and A P Singh	233
Evaluation of detomidine as a sedative in sheep	Jit Singh, A P Singh, P K Peshin, Davood Sharifi and D B Patil	237
Blood biochemical and urinery changes in mercuric chloride induced chronic nephrosis in goats	Rakesh Kumar and N N Pandey	239
Blood biochemical and urinary changes in oxyteracycline induced nephrotoxicity in goats	Rakesh Kumar and N N Pandey	244
Modification of the disposition kinetics of paracetamol by oxytetracycline and endotoxin-induced fever in goats	S Manna, T K Mandal, A K Chakraborty and R Datta Gupta	248
Suitability of microcarrier cell-culture technique for propagation of rinderpest virus	V Uma and S K Bandyopadhyay	253
Ovine bronchopneumonia caused by *Mycoplasma ovipneumoniae*	C M Ndarathi and P G Mbuthia	256
Detection of *Ehrlichia canis* antibodies by indirect fluorescent antibody test	P V Tresamol, Manorama Dhinakaran and S Suresh	259
Keeping quality of cud with particular references to its suitability for treatment in acidotic goats	S B Lal, S K Dwivedi, M C Sharma and D Swarup	261
Enterobacteria of local ducks of Assam : Serotyping antibiogram and transferable drug resistance	H Rahman, K John and J D Mahanta	263
Bacterial and fungal flora of zoo birds	N N Barman, R K Sharma, A Chakraborty, G K Saikia, A Hussain and B R Boro	266

Efficacy of ivermectin against *Sarcoptes scabiei* infection in camels	A S Nayee, B L Avsatthi, L G Kathiria and B S Gill	270
Tissue distributsion of diminazene in albino rats	K K Sardar, S C Parija and S N Misra	273
Histoenzymic localization of oxidoreductases in goat kidney	R P Saigal, S K Nagpal and B S Nanda	275
Pharmacokinetic studies of probenecid in febrile goats	B K Roy, K P Yadava and N C Banerjee	278
Application of MOET in production of elite goats	A K Goel, K P Agarwal and N K Sinha	281
Certain biochemical characteristics of blood serum of indigenous and Khaki Campbell ducks	J D Mahanta, D J Dutta, H Rahman and S Sarmah	283
Genetical and environmental relationship among testicular measurements and body weight of Arabi lambs at different ages	A Y Ayied, H A Abdul-Latif and M N R Al-Saigh	285
Effect of shearing on thermo-adaptability in goats of arid and semi-arid zone of India	Puneet Kumar and Khub Singh	290
Income and employment potential of goat rearing on farms in the rural households of Mathura district of Uttar Pradesh	P R Deoghare and S B Sood	295
Performance of milch animals in hilly areas	Vijay Paul Sharma and Raj Vir Singh	301
Inter-regional dynamics of goat population in India	Parmatma Singh, C B Tiwari and V K Dwivedi	304
Effect of roughage to concentrate ratio on rumen fermentation nutrient utilization and some blood constituents in growing buffalo calves	T R Chauhan, R S Sangwan, S S Dahiya and B S Punia	307
Milk-fat percentage of various stages of lactation of the crossbred cattle in Kerala	Sosamma Iype, K C Raghavan, C R Girija, T V Aravindakshan, J Radhakrishnan and G Mukundan	312
Effect of seasons on the incidence of breeding and conception rate in buffaloes	B Singh and Krishan Lal	314
Protein profile of some strains of Ranikhet disease virus	K Kumanan, N Mustaq Ahamed and R A Venkatesan	319
Auto- and non-auto transferable R-plasmids in some *Salmonella* strains	J C Verma and B R Gupta	322
Alteration in host metabolism in sarcoptic mite infestation in goats	M Mohapatra, P C Bisoi and S Parida	325
Regional differences in the pigmentation of skin in camel	S K Goswami, L D Dhingra and S K Nagpal	328
Comparative morphological and histochemical studies on the follicular atresia in the goat and sheep ovary	S S Guraya, S Monga, P Kaur and G K Sangha	331
Postpartum serum biochemical profile in Mehsana buffaloes during non-fertile and fertile oestrus	K K Patel, Ninan Jacob, F S Kavani and V P Vadodaria	337

Pathobiochemical changes in liver and brain in experimental avian spirochaetosis	A C Bandopadhyay, J L Vegad and M A Quadri	340
Effect of *Yersinia enterocolitica* infection on fertility of mice	Satyendra Singh, S N Sharma and N P Singh	346
Mannose-sensitive and mannose-resistant haemagglutination pattern of *Escherichia coli* strain	Ram Pal and K K Baxi	348
Host-specificity of hydatid cysts	Md Hafeez, P R Reddy and S Hasina	350
Maintenance of *Schistosoma spindale* in rabbits in laboratory	Anjana Mishra and M C Agrawal	352
Isolation of *Fusobacterium necrophorum* from bovine abortion	N Patnaik, B N Mohanty, S K H Ray, D N Mohanty and P R Mishra	355
Causes of mortality in lions at Nandankanan	A T Rao and L N Acharjyo	358
Histology of palpebral hairs of goat and sheep	M A Baba, R D Sinha and R Prasad	360
Effect of yolk, glycerol and sugars on post-thaw survival of buffalo spermatozoa in tris dilutor	Satish Kumar, K L Sahni and Greesh Mohan	362
Fertility of frozen buffalo semen packaged in three different types of straws	M R Bhosrekar, J R Purohit, S B Gokhlae and B R Mangurkar	365
Isozymes in erythrocyte of sheep	V Girish Kumar and R Narendranath	368
Comparative evaluation of Friesian-Sahiwal and Friesian-Hariana halfbreds at different military farms	K L Raheja	373
Efficiency of different selection indexes for desired gain by 'bending' of parameter estimates	A S Khanna and U C Jaiswal	378
Estimates of phenotypic and genetic parameters on lifetime performance traits in Murrah buffaloes	Triveni Dutt and V K Taneja	384
Genetic and phenotypic parameters of body and muscle weights and abdominal fat in meat-type chicken	Ranjit Singh and P K Trehan	388
Effect of feeding green berseem and ammoniated wheat/oat straw *ad lib.* with wheat/barley (grain) on nutrient utilization in growing buffalo heifers	T R Chauhan, P Sikka and R Gupta	393
Nutritional evaluation of non-conventional feed resources from wasteland and its effect on yield, chemical composition and inter-relationship between constituents of goat milk	M R Koushki, M P Gupta and J L Ogra	399
Standardization of soaking conditions for soybean seeds/cotyledons for improved quality of soymilk	Ranju Chopra and D N Prasad	405
Preparation of *gulabjamun* from buffalo milk *khoa*/dough incorporated with trisodium citrate	P S Prajapati, P N Thakar and K G Upadhyay	411

Evaluation of Surti buffalo bulls	Kornel Das and B N Patro	414
Inheritance of physical defects in meat-type chicken	Bhupinder Singh, I S Bawa and D S Dhir	418
Performance of finisher pigs fed diet based on green maize *(Zea mays)* fodder	B P S Yadav and J J Gupta	420
Physiological responses of sheep and goats to exercise stress under arid conditions	S K Kaushish and J P Mittal	423
Characterization of the aetiological agent of cow-pox with special reference to its biological properties	D Jana and M L Mehrotra	429
Isolation of BHV-1 from an outbreak of abortion in an organized herd	M L Mehrotra, K P Singh, P N Khanna and D C Shukla	433
Use of BHK_{21} - adapted mesogenic Newcastle disease virus for primary vaccination of chicks	K Kumanan, K Vijayarani, M Parthiban and V D Padmanaban	436
High level transferable resistance among *Escherichia coli*	Iqbal Ahmad, J N S Yadava and Shamim Ahmad	439
Skin characters of crossbred cattle and physiological adaptation: Skin thickness	S K Saxena, M R Malik and H K B Parekh	446
Osteomedullographic and angiographic observations following entire segment cortical grafting in goat (*Capra hircus*)2. An experimental study	R S Bisla, K Singh, S K Chawla, Jit singh and Sukhbir Singh	450
Disposition kinetics and bioavailability of long-acting oxytetracycline in afebrile and febrile dog	A K Maji, T K Mandal, S Majumder, S Juliet and A K Chakraborty	455
A rapid and simple procedure for isolation of genomic DNA from blood for RFLP studies in livestock animals	K B C Appa Rao, Pran P Bhat and P N Bhat	460
Haematological observations during epidural anaesthesia in canines	R V Suresh Kumar, O Ramakrishna and V Haragopal	463
Comparative efficacy of two herbal formulations in induced hepatopathy in rabbits	Anup Bhaumik and M C Sharma	465
Efficacy of certain antibiotics on the bacterial load of buffalo semen during cryopreservation	Rakesh K Sharma, G R Pangawkar and J S Matharoo	468
Effect of different sugars as a sole cryoprotectant during refrigeration preservation of buffalo semen	Satish Kumar, K L Sahni and Greesh Mohan	471
Filtration of chicken semen using glass-wool-packed column	J Mohan and R P Moudgal	474
Utility of endogenous creatinine clearance in nephrotoxic goats	Rakesh Kumar and N N Pandey	477
Disposition kinetics, urinary excretion and dosage regimen of salicylate in buffalo calves	S Rampal, A K Srivastava and R K Chaudhary	479

Major adenohypophyseal proteins of Indian rhinoceros (*Rhinoceros unicornis)*	N C Nath	482
Genetic divergence among 2 - and 3-way White Leghorn strain crosses for some production traits	P K Mishra, S C Mohapatra B N Patro and G S Mohapatra,	485
Botanical composition, nutritional status and carrying capacity of native alpine pasture of Bara Bangahal for sheep	K K Dogra, B S Katoch and B Singh	489
Construction and standardization of Dairy Cattle Management Index	H G Kapgate, V G Kakde and S Y Kulkarni	493
A comparative study of adoption of dairy farm technologies between non-members and members of dairy co-operative villages	O N Kunzru and Hema Tripathi	501
Correlates of employment of rural women in dairying	Hema Tripathi and O N Kunzru	508
Multiple regression equations for predicting different constituents and nitrogen fractions of goat milk	M R Koushki, M P Gupta and J L Ogra	516
Effect of feeding non-conventional tree fodders on fatty acid composition and nitrogen fractions of goat milk	M R Koushki, M P Gupta and J L Ogra	520
Development of Mellorine type frozen desserts 1. Effect of stabilizers and emulsifiers	Kaushik Adhikari and K L Arora	526
Translocation in Murrah buffalo	R K Vijh, M S Tania and R Sahai	534
Genetic divergence analysis in White Leghorn	Bharat Bhushan and S K Verma	539
Procedure for estimating sampling error of the estimate of genetic correlation	M R Liu and Y Q Chen	541
Comparative evaluation of some meat type rabbits for litter traits and mortality	S T Viroji Rao, V Jayaramakrishna, V Prabhakar Rao and A Satyanarayana	544
Urea ammoniated *mahua (Bassia latifolia)* seed-cake as nutritional binder for feed block	N K Shivakumar Gowda and R C Katiyar	547
Complete feed blocks for growing buffalo calves	Z S Sihag, C S Rathee and O P Lohan	549
Production and characterization of monoclonal antibodies reactive to *Mycobacterium bovis* BCG	V K Gupta, G C Ram, M P Bansal, A B Pandey and O K Raina	557
Isolation of *Moraxella bovis* and *Branhamella ovis* from infectious bovine keratoconjunctivitis in Himachal Pradesh	Mandeep Sharma, R C Katoch, M K Batta, R K Asrani, K B Nagal, S K Sharma and D S Sambyal	562
Immunochemical studies on IgG from duck egg- yolk	S Umamaheswararao, B V Rao, K Zachriah and K M Rao	565
Development of *Paramphistomum epiclitum* Fischoeder 1904 in the snail host	A Prasad, H C Malviya, T K Varma and P Dwivedi	568
Pathology of the retina and optic nerve in cattle and buffaloes	A K Sravanthi and N S Parihar	574

Pathology of the conjunctiva in cattle and baffaloes	A K Sravanthi and N S Parihar	578
Comparative study on conventional and control (programmable) freezer on the quality of buffalo semen	M R Bhosrekar, S P Mokashi, J R Purohit, S B Gokhale and B R Mangurkar	583
Freezing of buffalo semen in different dilutors with varying concentration of yolk and different sugars in absence of glycerol	Satish Kumar, K L Sahni and Greesh Mohan	588
Enzymatic changes in liver and brain of chick embryo infected with lentogenic strain of Newcastle disease virus : Phosphatases and aminotransferases	P C Bisoi, R K Srivastava and K Dev	592
Leptospiral antibodies among cattle and baffaloes in Tamil Nadu	S Ratnam, C O R Everard, J C Alex, L Suresh Babu, B Suresh, V Jayakumar and K Manickavel	594
Liver damage by intra- ileal treatment with *Salmonella* 3, 10:r extract as studied by light and electron microscopy	Rakesh C Yashroy	597
Experimental mycoplasmosis in sheep due to *Mycoplasma mycoides* subsp. *capri*	Harendera Kumar, N S Parihar and K P Singh	600
Histology of calf rumen after unilateral cervical vagotomy	C S Mamde, R K Shingatgeri, K M Gadre, N S Bhosle and R R Mugale	602
Endocrine studies on males of Surti buffalo, Jersey and Holstein cattle at different age groups	Shersingh Champawat, M M Pathak and K Jankiraman	604
Influence of exogenous hormones on ovarian activity in local goats of Assam	H D Sharma, C C Bordoloi, M Bhattacharya and B C Sarmah	607
Role of breed pelvic outlet area of dam, birth weight and sex of calf in parturition in crossbred cows	R K Pandit, S P Shukla and R G Agrawal	610
Biochemical and haematological effects of certain analgesic premedicants with ketamine hydrochloride in dogs	S S Bisen, S K Pandey, I J Sharma, V P Chandrapuria and M K Bhargava	613
Genetic parameters for first lactation and lifetime production traits in Friesian-Hariana and Friesian-Sahiwal halfbreds estimated by multiple trait maximum likelihood procedure	K L Raheja	616
Factors influencing egg production in an inbred flock of White Leghorn	V Singh, R V Singh, C V Singh and A K Singh	622
Effect of growth, nutrient utilization and blood metabolites in buffalo calves fed rations containing formaldehyde-treated mustard-cake	D P Tiwari and I S Yadava	625
Utilization of fodder based complete diets in crossbred bulls	N M Reddy, G V N Reddy and M R Reddy	631
Survey of common feedstuffs for aflatoxin B_1 contamination in Orissa	P K Dehuri, N C Panda, B K Sahu and S C Mishra	636

An analysis of sheep farming in Tamil Nadu with particular reference to economics and resource use efficiency	N R Padmanaban	639
Correlations between different constituents and nitrogen fractions of milk of goats fed on non-conventional fodders	M R Koushki, M P Gupta and J L Ogra	643
Divergent selection for egg number in *Tribolium castaneum:* Parameters in the base population	S B Verma, R L Singh and S K Singh	647
Growth performance of F_1 crosses between Arbor Acre broilers and local chicken of Nigeria	B I Nwagu and C C Nwosu	651
Statistical distribution of age at first and second calvings	V K Bharti, V P Ojha and S N Maurya	654
Isolation and characterization of cellulolytic cocci from bovine rumen	K Vijayarani, R Govinda Rao and V D Padmanaban	656
In-vitro evaluation of formaldehyde-treated linseed-cake and cotton seed-cake using buffalo rumen liquor	D P Tiwari and I S Yadava	659
An economic evaluation of cattle insurance programme in Burdwan district of West Bengal	B K Jha and B Prasad	662
Inclusion body hepatitis in Japanese quail (*Coturnix conturnix japonica)*	G S Grewal, Amarjit Singh, B Singh and M S Oberoi	665
Biotyping of *Staphylococcus aureus* strains isolated from food of animal origin	J P S Gill, D V Joshi and M S Kwatra	668
Cellular response in rabbits to extracts of different stages of *Rhipicephalus sanguineus*	G C Puttalakshmamma, M S Jagannath and Abdul Rahman	672
Histomorphology of the nasal cavity in one-humped camel (*Camelus dromedarius*)	H Zguigal, N G Ghoshal and A Ouhsine	677
Histomorphological studies on the effect of suture materials and techniques after cervical oesophageal end-to-end anastomosis in dogs	Naveen Kumar, R J Chaudhary and Kalyan Singh	683
Avian inflammation. 1. Investigation on the presence of permeability factor of dilution (PF/Dil)	Supriya Sharma, J L Vegad, A K Katiyar and B K Sinha	686
Avian inflammation. 2. Effect of serum-ageing on PF/Dil-induced permeability response	Supriya Sharma, J L Vegad and A K Katiyar	692
Avian inflammation. 3. Topography of the permeability response induced by permeability factor of dilution (PF/Dil)	Supriya Sharma, J L Vegad and A K Katiyar	695
Avian inflammation. 4. Histopathological changes following intradermal injections of permeability factor of dilution (PF/Dil)	Supriya Sharma, J L Vegad and A K Katiyar	699

Certain biochemical constituents and freezability of semen of Holstein-Friesian, crossbred and Murrah bulls under tropics	Greesh Mohan, R P Tripathi, A J Dhami and K L Sahni	704
Spermatogenic cell histochemistry in buffalo bull during winter	K S Roy and Bharpur Singh	708
Haemato-biochemical and bone marrow changes in chloramphenicol-induced toxicosis in dogs	Jamal Baig, M C Sharma and S B Lal	712
Serum biochemical findings in experimental hypomagnesemia in buffalo calves	Pramod Kumar and Mahesh Kumar	716
Blood profile of lactating Jersey crossbred cows	T Sivaraman and M Thiagarajan	719
Some polymorphic protein and enzyme systems of quail	Sanjoy Kumar Pal, Harpreet Singh and S K Agarwal	722
An improved method of indirect fluorescent antibody test for screening of bovine herpesvirus-1 antibodies in buffaloes	S Suresh, Manorama Dhinakaran, K Kumanan and N Raghavan	726
Occurrence of piglet diarrhoea in north-eastern India : Isolation, serotyping and antibiogram of *Escherichia coli*	D Sikdar, H Rahman, P Borah and B R Boro	728
Immune response and other associated changes in goats experimentally infected with *Mycobacterium bovis* BCG	S K Srivastava and M C Sharma	731
Frog as carrier of leptospires	B Suresh, V A Murthy, L Suresh Babu, K Nataraja Seenivasan and S Ratnam	736
Antibiotic sensitivity of bacterial organisms isolated from eye swabs of cattle with infectious keratoconjunctivitis (pink eye) in Kenya	J K Wabacha, C M Mulei, G K Gitau and A G Thaiyah	739
Ultimobranchial cysts in sheep and goats	M Saiyari, Hoshiar Mandvi and R N Sharma	742
Effect of thaw rates on survival, post-thaw motility and thermal resistance of spermatozoa of cattle and buffalo	H K Verma, M M Singh, G D Singh and H C Pant	745
Thyroid status of migratory and farm-managed Gaddi goats of Himachal Pradesh	N Kumar, R Kumar, S K Rastogi and S P Singh	748
Status of zinc in camel (*Camelus dromedarius*) with reference to blood serum, seminal plasma and hair	A P Singh, S N Sharma and M Taneja	750
Effect of the high temperature on some haematological values of *Gallus domesticus* at 1650 m altitude	M S Rautela, D S Khati and M C Joshi	752
Expected annual genetic gain in milk yield in Verata breed of goats: Comparison of three breeding schemes	A Rabasco, J M Serradilla and J A Padilla	754

Effect of acid treatment in reducing ammonia loss during urea ammoniation of straw	B S Yadav and A S Virk	762
Effect of feed withdrawal time on performance of Single Comb White Leghorn layers exposed to hot weather	Huthail Najib	767
Rocombined milk prepared with ghee in comparison to butter-oil. 1. Reconstitution	R K Sapra and M P Bindal	770
Detection of residual penicillins in meat employing *Bacillus stearothermophilus* disc assay	S S Teltumbade, A T Sherikar, V S Waskar and A A Sherikar	774
Effect of castration and weight at slaughter on carcass traits and meat quality of goat	Muharib Abdul-Hameed Tahir, Abdul-Hassan Hamdan Abdulla and Amad Falah Al-Jassim	778
Physiological adaptation of sweat glands in crossbred cattle	S K Saxena, H K B Parekh and M R Malik	783
Effect of genetic and nongenetic factors on weaning weight of Bharat Merino lambs in Kodai hills	G Gopikrishna, N Swain, D Gour, P K Sanyal, S C Sharma, A Maru and G Singh	787
Genetic and phenotypic parameters for egg production traits in broiler dam line	R S Barwal, S K Bhadula, R V Singh and C V Singh	789
Effect of feeding formaldehyde-treated protein supplements on rumen parameters in fistulated bullocks	Anil Kumar and D G Naik	791
Coagglutination and Biken tests for detection of enterotoxigenicity of *Salmonella*	H Rahman and V D Sharma	795
Yersinia enterocolitica enterotoxins and their pathogenicity in rabbits	J S Mahal, Ajit Singh, D K Sharma and R S Brar	798
Pathology due to *Fasciola jacksoni* in Indian elephants (*Elephas indicus*)	K P Singh, V K Srivastava, A Prasad and A P Pandey	802
Evaluation of intradermal allergic test for field diagnosis of fascioliasis in cattle	T Bhaskara Rao, D Ramalingeswara Sarma and S Shyam Sunder Singh	805
Mineral elements in corpus luteum of buffalo	A S Brar, S S Guraya and K S Khera	808
Mortality pattern in calves	P Kinjavdekar, T P Parai, B B Srivastava and L P Nautiyal	811
Scaling up of buffalo-pox virus production in BHK-21 suspension culture	Sushila Maan, S K Kalra and Arvind Kumar	813
An outbreak of acute form of swine erysipelas in Punjab	S S Saini, R S Khera and M S Kwatra	816
Cryotherapy of papillomatosis in dogs	T Madhava Rao, K B P Raghavender, V Girish Kumar, M R Joshi and R L N Rao	818
Central venous pressure (CVP) and mean arterial pressure (MAP) during experimental endotoxic shock in goats	N A Sudhan and B B Verma	821
Effects of paranephric blockade on haematological and biochemical attributes after gastrointestinal surgery in buffaloes	N S Jadon and Amresh Kumar	823

Effect of different concentration of yolk and glycerol on cryopreservation of cattle semen in milk, tris and citrate dilutors	S Kumar, L P Singh, Greesh Mohan and K L Sahni	827
Biochemical attributes of cervico-vaginal mucus of repeat-breeding buffaloes in relation to its physical, physiological and immunological properties	M T Panchal, A J Dhami, H J Derashri and S B Kodagali	830
Plasma total protein, cholestrerol and minerals during prepuberal and puberal periods in goats	Vijay Singh, N S Bugalia and Pradeep Kumar	834
Serum oestrogen and progesterone in Osmanabadi goats during abnormal lactations	N M Markandeya, R L Dhoble, P T Jadhao, A M Mantri and S R Chincha	836
Effect of transfusion of fresh and stored blood in anaemic dogs	N S Brar, D C Nauriyal and K S Brar	838
Neural and humoral control of secretion in the minor salivary glands of domestic ruminants	S Parida and L N Das	840
Blood ketone body (ß hydroxybutyric acid) in chickens of different ages	O F Al-Rawashdeh, T A Abdul-Aziz, S Q Lafi, N Q Hailat and K I Ereifij	843
The heterophil-granulocyte generation test	B V Shenoi	845
Isolation and identification of rabies virus in murine neuroblastoma cells	R Jaya Kumar, K Kumanan, K Vijayarani and V D Padmanaban	847
Heteromorphism of homologous chromosomes in pure and crossbred cattle	B C Sarkhel and B G Katpatal	849
Yak (*Poephagus grunniens* L.) and its type - A field study	R N Pal, S K Barari and A Basu	853
Evaluation of nutritive quality of fungal-treated cereal straw and further modification of Karnal process	G P Singh and B N Gupta	857
Nutrient utilization and growth performance of crossbred heifers fed on fodder-based complete diet	S K Reddy, G V N Reddy and M R Reddy	862
Kinetics of microbial protein production and *in vitro* digestibility of straw ammoniated and/or supplemented with NPN and protein	G P Singh and T J Klopfenstein	867
Jointing composition and chemical composition of Creole goats as influenced by body condition	G Aumont, B Calif, D Feuillet, P Marival and G Alexandre	872
Phenotypic and genetic parameters of age at first calving, first lactation milk yield and some measures of efficiency of production in Murrah buffaloes	Triveni Dutt and V K Taneja	880
Pre-weaning survivability in Black Bengal and its halfbred kids	L B Singh, D K Singh and C S P Singh	884

Growth models in Japanese quails	M Jacob Thomas and G Reghunathan Nair	888
Colour pattern in yaks (*Poephagus grunniens* L.)	R N Pal, S K Barari and A Basu	890
Effect of rumen protozoa on calcium and phosphorus utilization in male buffalo calves	L C Chaudhary and A Srivastava	893
A comparative study on the efficiency of feed utilization in exotic, *desi* and their halfbred pigs	S K Singh, B D Sharma and C B Dubey	896
Effect of water restriction on thermoregulatory responses in bucks	S K Das, Puneet Kumar, D Singh and Khub Singh	899
Role of mineral acids in fixation of ammonia during urea ammoniation of gram straw	B S Yadav and A S Virk	902
Isolation and identification of viruses from piglet enteritis	J K Sarkar and J P Soman	907
Number and depth of epithelial folds in skin of crossbred cattle	S K Saxena, H K B Parekh and M R Malik	914
Pathology of cornea in cattle and buffaloes	A K Sravanthi and N S Parihar	918
Acid and alkaline phosphatase in atretic follicles of buffalo ovary	K S Khera, A S Brar and S S Guraya	923
Comparative evaluation of initially static and motile semen ejaculates from Friesian and Murrah buffalo bulls for physico-morphological biochemical, enzymatic and mineral constituents of seminal plasma	A J Dhami, K L Sahni, Greesh Mohan and R P Tripathi	926
A comparative evaluation of certain processing procedures (cooling, equilibration and thawing) in deep freezing of cattle and buffalo semen under tropical climate	A J Dhami and K L Sahni	933
Electron- and immuno-electron-microscopic investigations on egg drop syndrome '76 virus	Andrew Chandramohan, A M Shaw, K Nachimuthu and R A Venkatesan	939
DNA profile and identification of thymidine kinase (TK) gene in buffalo-pox virus (BP_4) DNA	Pran P Bhat, B P Mishra and Shalini Bhat	941
Epidemiological study on mortality pattern and its causes in an organized piggery	G S Kumar, B S Rathore and A K Sharma	943
Neurological diagnosis of gid in goat	D Gogoi, D K Lahon and J C Lekharu	946
Cholangiocellular carcinoma in a lion (*Panthera leo*)	B Gangadharan, S Manumohan, P O George and A Rajan	947
Intraductal papillary adenoma of mammary gland in a sow	A P Panday, K P Singh and S P Mouli	949
Acrosomal changes in buck semen at different hours of equilibration periods and after freezing with lactose egg-yolk glycerol extender	K K Das and C K Rajkonwar	950

Influence of rearing mixed and separate sexes of Japanese quail on semen quality and hatching performance	S K Shrivastava, S D Ahuja, D Chaudhury and A Kundu	953
Endocrine response to non-pituitary gonadotropin administration in delayed pubertal buffalo heifers	T P Sharma, R Kumar and P J S Rattan	956
A reference preparation of buffalo pituitary luteinizing hormone	Hari Paul Sharma, Lakshmi Bhagat and K Muralidhar	959
Diminution of aflatoxin B_1 toxicity in broilers by dietary supplementation of lysine, methionine and choline chloride	N Jindal, S K Mahipal and N K Mahajan	962
Phenotypic and genetic parameters of age at first calving, first lactation milk yield and some measures of efficiency of production in Murrah buffaloes	Triveni Dutt and V K Taneja	966
Effect of salivary stimulant on liquid turnover rate and microbial protein synthesis in the rumen of buffaloes	Pradeep Masson and O P Nangia	969
Evaluation of buffalo sires by different methods	S P Tailor, L S Jain and M Tusavara	972
Cytogenetic characteristics of Munjal sheep	S Bhatia and V Shanker	975
Evaluation of genetic combining ability among the strains of White Leghorn and Rhode Island Red for egg mass	S S Singh, S K Verma and Shashi Ranjan	978
Comparative growth characteristics and feed conversion efficiencies in Brown Swiss calves weaned at five, seven and nine weeks of age	Mete Yanar, Naci Tuzemen and Herbert W Ockerman	981
Nutritional evaluation in buffaloes of colonial guinea grass fed as sole roughage	D V Reddy, R Ramachandra Reddy and N Krishna	984
Effect of feeding *Prosopis cineraria (khejri)* leaves upon parotid glands and its trichloroacetic acid soluble proteins in sheep	S Vaithiyanathan, Ravindra Kumar and Rajendra Prasad	986
Nitrogen solubility of untreated and treated cakes in different solvents	Vinod Kumar and T K Walli	989
Influence of frequency of feeding and milking on dry matter intake, milk yield and composition in crossbred cows	B T Deshmukh and R S Ludri	992
Pathology and bronchoscopic studies in *Mycoplasma mycoides* subsp. *capri* infection in goats	Harendra Kumar, N S Parihar, Kali Charan and K P Singh	999
Bacterial flora from dead-in-shell chicken embryos and their drug resistance in Fars Province of Iran	A H K Nazer and G H Safari	1006
In vitro hatching and maintenance of second stage larvae of *Toxocara vitulorum*	J D Ghosh and D P Banerjee	1010
Benzimidazole resistance in a field population of *Haemonchus contortus* from sheep in Kenya	R M Waruiru	1014

Clinico-pathological changes associated with diaphragmatic hernia and foreign body syndrome in buffaloes	Tarjinder Kaur and Balwant Singh	1018
Disposition kinetics of ampicillin in White Leghorn hens	M Alam, N C Banerjee and K P Yadava	1022
Correlates of the levels of various immunoreactive hormones and the quality of buffalo (*Bubalus bubalis*) semen during different seasons	K S Sidhu and H K Gill	1025
Parturition in buffaloes	Raghubir Singh, S K Khar and Suresh Chander	1028
Detection of herpesvirus-1 specific antibodies by enzyme-linked immunosorbent assay (ELISA) in equines	B K Singh, M P Yadav and P K Uppal	1034
Mastitogenic effect of *Mycoplasma mycoides* subsp. *mycoides* (large colony type) in goats	T N Upadhyaya, A T Rao and H K Mohapatra	1037
Susceptibility of *desi* ducklings to *Escherichia coli* isolated from chicken	Y Krishnamohan Reddy, N Dorairajan and S Peer Mohamed	1042
A mixed cell sarcoma of muzzle in a spotted deer (*Axis kuhli*)	G K Dubey, A C Bandopadhaya and K N P Rao	1044
Histochemical studies on inclusion body hepatitis in broiler chicks	A P Singh, G S Grewal and K S Roy	1046
Histology of nasal turbinates in dog	Pawan Kumar, Suraj Kumar and Yashwant Singh	1050
Application of milk progesterone estimation for determining the incidence of false oestrus detection and ovulation failures in zebu and crossbred cattle and Murrah buffaloes	Victor Kaul and B S Prakash	1054
Cardiac output during endotoxic shock in goats	N A Sudhan and B B Verma	1058
Oestrus induction and synchronization in cows and buffaloes with synthetic progestagens	R A Luthra, S K Khar and K P Singh	1060
Lead toxicity in cow calves	A K Upadhyay and D Swarup	1062
Pathomorphological alterations in oxytetracycline toxicosis in goats	Rakesh Kumar, N N Pandey and O P Paliwal	1064
Partitioning of environmental variation in field progeny testing data	A D Godbole, V P S Chauhan, A K Saigal, M Gunjal and C R Gujarathi	1067
Comparative study of different sire evaluation procedures under two models using crossbred progeny	H K B Parekh, V K Singh and K C Rao	1070
Construction and evaluation of multi-trait selection indices for overall economic improvement in White Leghorn layers	S Niranjan, Harpal Singh and S T Krishna	1075
In sacco degradability of different protein fractions	J S Ichhopnani, M Wadhwa, P Kataria and G S Makkar	1078

Effect of feeding wastelage on intake and digestibility of nutrients in adult buffaloes	Sunil Yadav, S S Khirwar and K R Yadav	1082
Effect of *Coprinus fimetarius* on urea-treated crop residues and its utilization by goats	N S Maan, N Kumar, D V S Dahiya and V K Khatta	1086
Draught performance of Indian camels of Bikaneri breed	A K Rai and N D Khanna	1092
Reproductive efficiency of Egyptian buffalo bulls raised under farmers' conditions	S El Kaschab	1097
Life-time traits in Hariana cattle	S N Kaushik, S C Agarwal and R C Garg	1104
Effect of stage of growth on chemical composition and *in sacco* dry matter degradability of colonial grass	B Devasena, N Krishna, J Rama Prasad and D Venka Reddy	1108
Reproductive performance of Bengal goats *(Capra hircus)* under deep litter system of management	N Ghosh, S K Roy and D N Maitra	1111
Extraction and characterization of poultry claw oil	V V Kulkarni, B N Knowale and V K Rao	1113
Humoral and cellular immune response of quail to physical and chemical injuries	S D Singh, G C Mohanty, J M Kataria and K C Verma	1115
Major broiler diseases in some parts of Haryana	N K Mahajan, N Jindal and R C Kulshsreshtha	1118
Experimental *Pasteurella haemolytica* infection in sheep	S A Kamil, N S Parihar, Kali Charan, P N Kumar and D Naik	1123
Pathogenicity of mycoplasmas isolated from goats	M P Singh and R L Prasad	1126
Patho-morphological changes due to rickets in chicks	Amarjit Singh and G S Grewal	1132
Laboratory studies and preliminary field evaluation of vaccination trials against pasteurellosis in ducks	K R Ramanatha	1138
Histochemical observations on circumvallate papillae and associated glands in tongue of sheep	H S Pawar, Jaswant Singh and K S Roy	1143
Biomedical profile of gentamicin intoxication in goats	Rakesh Kumar and N N Pandey	1147
On-farm studies on oestrus synchronization in cows and buffaloes	V P Phadnis, M R Bhosrekar and B R Mangurkar	1151
Radioimmunoassay of circulating LH during oestrous cycles of Surti buffaloes	R Nigam, M M Pathak and V M Mehta	1155
Fungal infection in repeat-breeder cattle and buffaloes	A K Giri, N C Sharma and A Sikdar	1158
Effect of certain cryoprotectants on freezing of buffaloes semen in milk dilutors	S Kumar, K L Sahni, Greesh Mohan and G S Bisht	1161
Intestinal glucose absorption capability of high, medium and non-lying birds	S Majumdar and J N Panda	1165
Evaluation of different adjuvants in *Mycoplasma mycoides* subsp. *capri* : Humoral immune response in goats	R Rana and N C Srivastava	1169

Isolation of *in vitro* cultivated goat peripheral blood monocytes	A K Sarmah and M P Bansal	1173
Distribution of lymphocyte subpopulation in peripheral blood of sheep	A K Sarmah, R Sarmah, K Sharma, A K Hazarika and B R Boro	1175
Swine brucellosis among breeding pigs of Punjab and market pigs of Himachal Pradesh	S S Saini, V B Joshi, R S Khehra, Ramneek and M S Kwatra	1177
Experimental spirochaetosis in cyclophosphamide-treated chicks	R K Verma, A C Bandopadhyay and K N P Rao	1180
Immunological status in goats on high molybdenum	A K Sharma, N S Parihar and T More	1183
Reaction of fowl skin to subcutaneous insertion of glass coverslips	I Nayak, A T Rao and H K Mohapatra	1187
Factors influencing libido and semen quality of stud bulls	A K Sahoo and S Pan	1190
ATPase of buffalo bull spermatozoa and their modulations during *in vitro* capacitation	K S Sidhu and A Priya	1192
Acrosomal enzymes and metabolic activity of Patanwadi, Rambouillet × Patanwadi and Merino × Patanwadi ram spermatozoa	J A Patel and Y G Dugwekar	1195
Induction of oestrus in postpartum Marwari goats during low breeding season and their hormonal profiles	R G Shah, S B Deshpande, Lalita V Deshpande and V M Mehta	1198
Denaturing electrophoretic pattern of myosin from mithun *(Bos gaurs frontalis)*	S Sarmah and A Chakraborty	1203
Suitability of polyvinyl chloride canula in the abomasum	P N Langar, K Mirakhur and A A Makhdoomi	1205
Gir cows in their breeding tract	A K Mathur and S K Khosla	1207
Relationship between sires' estimated breeding value for first lactation and lifetime traits in Sahiwal and Hariana cattle	R K Pundir and K L Raheja	1219
Model for optimizing productivity in buffaloes	R K Sethi and R Nagarcenkar	1226
Estimating lactation milk yield in Murrah buffaloes	Gopal Dass and R C Sharma	1235
Genetic gain through progeny testing vs MOET in Murrah herds of various sizes	R S Gandhi and Avtar Singh	1238
Production practices and potentials for small ruminants in Punjab Province	Arshad Iqbal, Syed S Mehdi, Muhammad Younas and Fayaz Ahmad	1242
Genetic analysis of egg shell quality characters in layer chicken	M S Khatkar, J S Sandhu, G S Brah and M L Chaudhary	1248
Effect of defaunation on rumen functions in buffaloes fed high concentrate diet	O P Nangia and Rita Sharma	1254
Effect of fibrous diets on feeding pattern, digestibility and physiological reactions in cattle and buffalo	S K Bhatia, K Pradhan, D C Sangwan, Sadhana Singh and Vidya Sagar	1259
Faecal and urinary losses of nitrogen in cobalt-deficient small East African goats	J N Mburu, M S Badamana and J M Z Kamau	1264

Body weight and egg production of Egyptian Gimmizah fowl as affected by month of laying, photoperiodism and dietary calcium level	K A Yamani, Gh A El Sayiad, S M Sonbol, M A Abdelrazik and W A Hasab El-Naby	1268
Milk-fat content of Jersey crossbreds under Indian village conditions	S B Gokhale and B R Mangurkar	1277
Effect of heat stress on buffaloes under different shelter strategies	R K Sethi, A Bharadwaj and S C Chopra	1282
Inherited variations in mortality and culling rates in Sahiwal female calves up to maturity	S C Rawal and S S Tomar	1286
Expected herd life and herd structure of Sahiwal cows	S S Tomar, S C Rawal and G K Sachdeva	1288
Performance of Rathi cows in arid Western Rajasthan	G C Gahlot, R S Gahlot and K P Pant	1291
Genetic divergence in ducks for economic traits	N Kalita, G R Lokanath, B S Ramappa, K S P Kumar, Gurumurthy, V D Bulbule and V M Manjunath	1296
Time budget and grazing behaviour in goats in marginal semi-arid region of Gujarat	G S Solanki	1299
Detection of hydrocyanic acid (HCN) in green fodder	E V R Srinivasan, A Krishnamoorthy and S P Anbumani	1303
Comparative evaluation of various serological tests for detection of avian adenoviruses in chicken tissues	R S Khehra, M S Oberoi and N K Maiti	1305
Immune response of rabbits immunized with outer membrane proteins (porins) of *Salmonella dublin* 51	G C Chaturvedi, Y K Kaura and Minakshi	1308
Bacteriophage typing of *Staphylococcus aureus* of bovine mastitis origin	W Manohar Paul and R A Venkatesan	1316
Bovine tropical theileriosis-A potpourri	B S Gill	1319
Histological and histochemical studies in ductus deferens of camel: Non-glandular part	S K Goswami, Yashwant Singh and S K Nagpal	1328
Occurrence and pathology of naturally occurring biliary amphistomiasis in buffaloes and cattle	R C Ghosh and H V S Chauhan	1332
Effect of oral doses of lead on immune response in calves	S Dey, D Swarup and S K Dwivedi	1335
A mixed infection of Newcastle disease and adenoviruses in Japanese quails	A M Shaw, Andrew Chandramohan, K Vijayarani, M Sekar and K Kumanan	1339
A comparison of bacteriological and cytological findings for evaluating endometritis in mares	P S Narwal and D P Monga	1341
Effects of meperidine and diazepam induced neuroleptanalgesia on the cardiovascular system of the calves	L L Dass and P N Sahay	1343

Chronic pathological conditions encountered in captive wild mammals	K P Singh, R Singh and G R Singh	1346
Effect of different sugars on post-thaw motility, liveability and acrosomal integrity of buffalo semen in tris buffer with and without glycerol	Satish Kumar, L P Singh, Greesh Mohan and K L Sahni	1348
Blood profile evaluation in crossbred cows under different stages of lactation and gestation	V S Rajora and S P Pachauri	1351
Cytoplasmic fine structure of the primordial oocytes of goat	R K Sharma, A K Sawhney and R Vats	1354
Normal blood values for Indian hill bulls	R Somvanshi	1357
Lead toxicosis in bovine due to industrial pollution in Punjab	Pritam K Sidhu, Bhupinder Singh Sandhu, Jasmer Singh and M S Kwatra	1359
Pathological changes in experimental ethylene glycol intoxication in cow calves	D P Singh, Mahesh Kumar and K C Varshney	1361
Management and utilization of crossbred bullocks under field conditions	A O Reddy, D Sreekumar and M K Rao	1364
Economics of buffalo milk production in the Mathura district of Uttar Pradesh	P R Deoghare and N K Bhattacharyya	1368
Direct and correlated responses to selection in life-time traits in Friesian-Sahiwal and Friesian-Hariana cows	K L Raheja and G K Gaur	1373
Effect of certain nongenetic factors on reproductive performance of indigenous pigs	B Punya Kumari, V R Chendra Reddy, K Krishna Reddy, C Harinadha Rao and S T Viroji Rao	1376
Performance of native and crossbred sheep in farmers' flock	S K Kaushish, S A Karim and P S Rawat	1379
Heritabilities and genetic correlations for body weight in dwarf broilers	A G Khan, M V Poulose, P N Shrivastava and O P Dutta	1383
Role of different energy sources on *in vitro* nitrogen fixation from urea treatment of wheat straw	B S Yadav, A S Virk and V Sagar	1385
Effect of supplementation of caged poultry droppings and wheat bran on rumen degradation kinetics and nutrient utilization in buffalo calves fed rice straw	D V Reddy	1388
Economics of Jamunapari goat rearing in Etawah district of Uttar Pradesh	P R Deoghare and N K Bhattacharyya	1390
Book Reviews		317, 425, 553, 904, 996
